(or Cross Street) _____

Project Name _____

Signature of Applicant _____ Date _____

A site map shall be provided to indicate which hydrant(s) you prefer to be used during the flow test. To the extent possible, test hydrants shall be as close to the anticipated fire line/riser room location as possible. A site plan, or other map, that clearly indicates the preferred hydrants, and their location on the site, shall be acceptable. **Indicate a secondary hydrant to test in the event your first choice is non-operational.**
