TRY IT FROM home!
ROCK PAINTING

Step 1: Go on a hunt for a rock that has a smooth surface. (Can be bumpy if you want!)

Step 2: Wash your rock to get rid of dirt and debris.

Step 3: Get out your art supplies and pick a cool design to paint!

Step 4: Paint your rock on a safe surface. (Carpet is NOT a safe surface!)

Step 5: Let your rock dry overnight and enjoy your super awesome art!
