

## **Builders Notice**

Effective **May 1, 2022**, all Commercial plumbing finals will now require a water meter inspection. This inspection should be scheduled and passed prior to requesting a Plumbing Final. The inspection should be scheduled through the water department at the number listed below. A Yellow Tag indicating the inspection has passed will be left onsite by the water department. Prior to calling the plumbing final the Yellow Tag must be uploaded to the CSS portal. The Building Inspections department will confirm the Yellow Tag has been uploaded to the CSS portal at the time of the Plumbing Final. The Inspector will confirm that the address is correct, inspection passed and has been signed by the water department.

To schedule the water meter inspection please call 972-547-7543.
