
COMPREHENSIVE PLAN – HISTORY

Physical planning has always been an integral part of the municipal government in McKinney. The strong emphasis on planning during recent years has set standards which will continue to change and improve the community's quality of life far greater than that achieved in the past. Leadership and vision shown by elected and appointed officials and members of the City staff will likely make McKinney a unique community in future years and one of envy from cities in their population range.

The City of McKinney has maintained a comprehensive plan for nearly 40 years. Previous plans are listed below. Current planning activities will update the data set forth in these plans.
